PROFILE

My name is Oscar for a few years I have been working in hospitality and Now I am ready to embark into a new journey. After some time of study and hard work I can proudly say I am a web developer. I have done most of my training on online Bootcamps and I am continuously pushing myself to learn new technologies. I use Javascript as my first programming language. I am able to build sites with plain HTML & CSS and also I am familiar with other styling frameworks. I also have knowledge in building scalable apps with React.js

EXPERIENCE

Freelancer - I have builded some start ups for friends & family
